

Tootgarook Primary School

The Government School Performance Summary provides an overview of how this school is performing and how it compares to all other Victorian government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community will foster engagement and collaboration to support further gains and positive learning experiences for all students.

The bottom of this page contains this school's profile.

Pages 2 and 3 provide a detailed breakdown of each of the result areas.

Page 4 provides advice on how to interpret the data.

Key:

- Range of results for the middle 60% of Victorian government schools:
- Result for this school:
- Median of all Victorian government schools:

School Profile

- Average level of parent satisfaction with the school, as derived from the annual *Parent Opinion* survey. The score is reported on a scale of 1 to 7, where 7 is the highest possible score.
- Average level of staff satisfaction with the school, as derived from the annual *Staff Opinion* survey. The score is reported on a scale of 1 to 5, where 5 is the highest possible score.
- Overall socio-economic profile. Based on the school's Student Family Occupation index which takes into account parents' occupations.
- Proportion of students with English as a second language.
- All Victorian government school teachers meet the registration requirements of the Victorian Institute of Teaching (www.vit.vic.edu.au).
- 212 students (104 female, 108 male) were enrolled at this school in 2012.

Result for this school:  Median of all Victorian government schools: 

Student Learning

1. Teacher assessments from the Victorian Essential Learning Standards (VELS)

Percentage of students in Years Prep to 6 with a grade of C or above in:

- English and Mathematics
- All other subjects

The grades are the same as those used in your child's end of year report.

A 'C' rating means that a student is at the standard expected at the time of reporting.

Student Outcomes

Results: English and Mathematics 2011

Results: English and Mathematics 2008 - 2011 (4-year average)

Results: All other subjects 2011

Results: All other subjects 2008 - 2011 (4-year average)

School Comparison

2. NAPLAN Year 3

Average score achieved on the NAPLAN Reading and Numeracy tests conducted in May each year.

Year 3 assessments are reported on a scale from Bands 1-6.

Bands represent different levels of achievement. For Year 3, the National Minimum Standard is at Band 2.

Results: Reading 2012

Results: Reading 2009 - 2012 (4-year average)

Results: Numeracy 2012

Results: Numeracy 2009-2012 (4-year average)

3. NAPLAN Year 5

Average score achieved on the NAPLAN Reading and Numeracy tests conducted in May each year.

Year 5 assessments are reported on a scale from Bands 3-8.

Bands represent different levels of achievement. For Year 5, the National Minimum Standard is at Band 4.

Results: Reading 2012

Results: Reading 2009 - 2012 (4-year average)

Results: Numeracy 2012

Results: Numeracy 2009-2012 (4-year average)

Student Engagement and Wellbeing

4. Student attendance

Average attendance rate of all students in the school. Common reasons for non-attendance include illness and extended family holidays.

Average 2011 attendance rate by year level:

Prep	Yr1	Yr2	Yr3	Yr4	Yr5	Yr6
93%	94%	90%	92%	90%	92%	90%

School Comparison

5. Student attitudes to school

Derived from the *Attitudes to School* survey completed annually by Victorian government school students in Years 5 to 12. It includes questions about students' engagement in and enjoyment of school. The school's average score is reported here on a scale of 1 to 5, where 5 is the highest possible score.

How to read the Government School Performance Summary 2012

What are student outcomes?

Student outcomes show the achievements of students in this school in English, Mathematics and other subjects. They also show results in national literacy and numeracy tests and, for secondary colleges, the Victorian Certificate of Education (VCE) examinations. They provide important information about student attendance and engagement at school.

For secondary colleges, the Government School Performance Summary also provides information about how many students at this school go on to further studies or full-time work after leaving school.

You can see these results for the latest year, as well as the average of the last four years (where available).

The Government School Performance Summary also allows you to compare student outcomes for students at this school with the outcomes of students in all other Victorian government schools.

What is a *School Comparison*?

The *School comparison* is a way of comparing school performance that takes into account the different student intake characteristics of each school.

A *School comparison* takes into account the school's academic intake, the socio-economic background of students, the number of Indigenous students, the number of non-English speaking and refugee students, the number of students with a disability, and the size and location of the school.

The *School comparison* measures show that most schools are doing well and are achieving results that are '**similar**' to what we would estimate given the background characteristics of their students.

Some schools are doing exceptionally well with the students they have, and have '**higher**' performance.

Some schools have '**lower**' performance after taking into account their students' characteristics – these schools will receive targeted support to ensure that there is improvement.

Looking at both the student outcomes and school comparisons provides important information about what a school is doing well and the areas that require further improvement.

More information on school comparison performance measures can be found at: www.education.vic.gov.au/aboutschool/schoolreports

What is the meaning of '*Data not available*'?

For some schools, there are too few students to provide data. For other schools, there are no students at some levels, so school comparisons are not possible. Newly opened schools have only the latest year of data and no averages from previous years. The Department also recognises the unique circumstances of Specialist, Select Entry, English Language and Community Schools where school comparisons are not appropriate.

What is this school doing to improve?

All schools have a plan to improve outcomes for their students. The '*What our school is doing*' statement provides a summary of this school's improvement plan.
