This forum is an opportunity for you to meet with your child's teacher and discuss your child's half yearly report and any other matters that you believe may impact upon your child's education. An interview notice will be sent home next Monday- please return to school asap so times can be allotted.

Half yearly reports will be sent home on Tuesday 26th June.

EVERY DAY COUNTS – SCHOOL ATTENDANCE

We all want our students to get a great education, and the building blocks for a great education begin with students coming to school each and every day.

Missing school can have a major impact on a child's future – a student missing one day a fortnight will miss four full weeks by the end of the year. By Year 10 they'll have missed more than a year of school.

There is no safe number of days for missing school – each day a student misses puts them behind, and can affect their educational outcomes.

Coming to school every day is vital, but if for any reason your child must miss school, there are things we can do together to ensure they don't fall behind:

- Speak with your classroom teacher and find out what work your child needs to do to keep up.
- In the case of an extended absence, develop an absence learning plan with your teacher and ensure your child completes the plan.

From 1 March 2014, new laws mean that parents can be fined for not sending students to school without an acceptable reason.

If you're having attendance issues with your child, please let your classroom teacher know so we can work together to get your child to school every day.

The Grade 3s and 4s have been identifying emotions in Social and Emotional Learning this week. We have been talking about how all of our emotions are important and that sometimes they keep us safe.

We have also thought about how colours can represent our emotions and that different colours can represent different emotions.

'Black makes me sad because my step mum's kitten past away.'

Alivia Grade 3/4H

'Teal...what does it make me feel? It makes me feel excited and calm.'

Hannah Grade 3/4H

Inspire your friends and family to support your Jump Rope for Heart activity and help raise funds to fight heart disease.

1. Update your page

Upload photos and comments to your page so when any friends or family visit they can see how much fun you're having!

Tip: fundraisers who upload a profile picture raise over 10 times more on average than fundraisers who don't.

2. Set a target

Tell your supporters what your goal is by setting a fundraising target and you'll be motivated watching your tally rise.

3. Get the first donation

Ask a family member to make the first donation and set the standard of how much others could give.

4. Let people know

Send personal emails to your friends and family to let them know you're raising money to fight heart disease and share photos and videos of you skipping to keep them excited!

Tip: fundraisers who tell people why they are fundraising raise over 74% more on average.

5. Say thanks

Post a thank you message to each of your donors and at the end, let them know what you achieved and how much fun you had.

Meet Scarlet

Hi, my name is Scarlet and I'm 8 years old.

Last year I was diagnosed with a heart condition called anomalous pulmonary venal connection, which means that some blood that was meant for my lungs was going to my heart.

I had to get my heart fixed quickly as I went to Melbourne to have a big operation. It was scary, but the doctors and nurses did an amazing job.

Now I'm all better, I want to help other people who have sick hearts.

I love Jump Rope for Heart because I get to raise money to fight heart disease and have fun too. Last year I was the highest fundraiser at my school in Tasmania! Please join me. There's plenty of great prizes to be won, particularly if you choose to fundraise online.
