2020 Foundation Enrolments

At the end of this week, all Principals in Victorian Government schools will be asked to forward their 2020 enrolments to the Department of Education & Training (DET). A key part of this process requires schools to try and predict as closely as possible, their new Foundation students who will begin their schooling next year. Over the last week, there has been some confusion for existing school families about the enrolment process for siblings. It is therefore important to understand that each child in the family must be enrolled separately with their own enrolment form. Siblings are not automatically enrolled. We currently have 15 students enrolled for our Foundation classes in 2020 and are now planning for the resources that will be needed for this cohort. Pending further enrolment applications, we will definitely be planning for one class at this level. If you haven't yet lodged your Foundation enrolment form for next year, we would be very grateful to receive the remainder of these forms by the end of this week. If you have any queries about this process, please don't hesitate to contact the school's main office on 59852864.

Victorian State Schools Spectacular

At Tootgarook Primary school 21 students from the 5/6 area have been practising for the mass choir since mid term 2.

Last week on Wednesday 24th of July, we went to Melbourne Town Hall for our first full mass choir rehearsal (approx. 1200 students). We left school at 7am and arrived with enough time to go for a walk to Chinatown.

We practised all our 16 songs and were amazed by how the harmonies came together.

It was a great experience and we will return for another rehearsal in 3 weeks.

Now we need to learn all the choreographies that go with the songs.

If you are interested in watching the show, tickets are still available on Ticketek.

The show take place in Melbourne Arena on Saturday, 14th of September.

The Anxious Kids Seminar is coming to the Mornington Peninsula

Society is in the grip of an anxiety epidemic. One in fourteen kids are diagnosed with an anxiety disorder, and many more go unnoticed. Parents and teachers play a critical role in helping kids to recognise and manage their anxious feelings.

Parenting expert, award-winning speaker and author of 11 books Michael Grose, together with wellbeing expert and researcher Dr. Jodi Richardson will be touring across Australia and New Zealand to present their evidence-based approach to managing kids' anxiety. Here they will speak about the tools and strategies for helping children outlined in their recently released and highly acclaimed book *Anxious Kids*.

Who is this seminar for?

This seminar is ideal for parents, carers, teachers and other professionals who work with children.

You can learn:

- The origins of anxiety and how it impacts on children and teens
- How to respond constructively when a child or teen is anxious
- Tools to teach kids to help regulate their anxiety
- The lifestyle factors you can enhance to minimise anxiety
- Why avoidance of anxiety-inducing events is not the answer and what to do instead
- How to create a wellbeing plan for your child or young person
