### 2020 Foundation Enrolments

At the end of this week, all Principals in Victorian Government schools will be asked to forward their 2020 enrolments to the Department of Education & Training (DET). A key part of this process requires schools to try and predict as closely as possible, their new Foundation students who will begin their schooling next year. Over the last week, there has been some confusion for existing school families about the enrolment process for siblings. It is therefore important to understand that each child in the family must be enrolled separately with their own enrolment form. Siblings are not automatically enrolled. We currently have 15 students enrolled for our Foundation classes in 2020 and are now planning for the resources that will be needed for this cohort. Pending further enrolment applications, we will definitely be planning for one class at this level. If you haven't yet lodged your Foundation enrolment form for next year, we would be very grateful to receive the remainder of these forms by the end of this week. If you have any queries about this process, please don't hesitate to contact the school's main office on 59852864.
