Development of Tootgarook's Vision & Mission Statement

Vision

Achieving personal excellence, empowering students in a supportive community.

Mission

At Tootgarook we develop personal excellence in education by providing innovative learning experiences for individuals to strive to achieve their potential in a connected, inclusive community.

The school review recommended we revisit our vision and mission statements along with our school values. The staff have dedicated themselves via a process over the last 6 weeks to develop statements unique to Tootgarook Primary School.

A notice regarding this has been sent home for each family to have a look at. Please take the time to fill in the form attached and send back to school office by December 1st. Thank you

***All lost property will be placed on the basketball court
